PROFESSIONAL SUMMARY

Enthusiastic Full-Stack Developer with a background in Python, JavaScript, React, and more. Completed over 1000 hours of learning exercises through Ada Developers Academy, freeCodeCamp, App Academy Open, and others. Equipped with comprehensive full-stack development skills, exceptional teamwork, effective communication, and a commitment to continuous learning. Passionately seeking an entry-level software development role that will leverage and further develop my full-stack development skills.

TECHNICAL SKILLS

- **Languages & Frameworks**: Python, JavaScript, HTML & CSS, RESTful APIs, Node.js, Express, Flask, React, Vue, Astro, Bootstrap, PrimeVue, Tailwind CSS
- **Databases:** MongoDB, PostgreSQL, MySQL, SQL, SQLAlchemy, Mongoose
- **DevOps and Deployment:** Git, GitHub, Render, Netlify, Heroku, Digital Ocean, Docker
- **Design:** Figma, Adobe Photoshop, Adobe Illustrator, Adobe XD, Canva
- **Other:** Responsive Web Design, Performance Optimization, Cross-Browser Compatibility, Accessibility, SEO Optimization, UI/UX Design

EXPERIENCE

Novus Digital Solutions | *Freelance Web Developer* | January 2023 - Present
- Worked closely with clients to translate needs into robust web solutions, exceeding expectations.
- Applied a vast toolkit of web technologies, including HTML5, CSS3, JavaScript, React, Bootstrap, and Tailwind to develop dynamic, visually appealing, and responsive interfaces.
- Leveraged SSG and Headless CMS for performance optimization, delivering rapid, engaging websites with seamless content management and delivery.
- Managed version control using GitHub and ensured efficient code editing with Visual Studio Code.
- Implemented Strapi and Decap CMS for seamless content management and delivery.

Various Public Accounting Firms | *Tax Professional* | July 2014 - December 2022
- Implemented strategies yielding average savings of 15%, showcasing problem-solving & strategic thinking.
- Navigated complex tax laws, demonstrating quick learning and application.
- Managed tax audits with a 90% success rate, illustrating effective communication and negotiation.
- Led a team of junior accountants, highlighting leadership, teamwork, and collaboration.
- Simplified complex tax research into understandable memos, exhibiting the ability to make complex information accessible.

EDUCATION

Ada Developers Academy | *Software Engineering Student* | February 2023 - August 2023
- Consistently excelled in the rigorous six-month classroom training, achieving 100% on all assessments and projects, demonstrating proficiency in algorithms, software dev. tools, and programming languages.
- Collaborated effectively on pair and group programming, fostering strong teamwork and communication.
- Demonstrated exceptional problem-solving skills by efficiently tackling weekly code challenges, thereby deepening my understanding of core programming concepts.
- Proactively pursued learning beyond the curriculum, exploring emerging technologies and industry tools, demonstrating commitment to a future-proof software development career.
- Completed multiple full-stack projects, showcasing my grasp of the development cycle from design to deployment and enhancing my understanding of practical software solutions.

University of Nevada, Las Vegas | *GPA 3.7* | Graduated December 2016
- Master of Science in Accounting
- Dual Bachelor of Science in Accounting & Finance
